

2010 Seattle Prostate Brachytherapy Fellowship

Radiation Oncology Residents currently training in the U.S.

We invite you to apply for the Seattle Prostate Brachytherapy Fellowship, sponsored by the American Brachytherapy Society and generously funded by Oncura. This fellowship provides residents with exposure to prostate brachytherapy and the unique opportunity to work closely with some of the world experts and pioneers in the field.

Fellowship recipients will spend one to two weeks in Seattle during which time they will visit Seattle Prostate Institute, Seattle Veterans Administration, Seattle Prostate Cancer Center and Group Health Cooperative. Faculty will include Stephen Eulau, M.D., Peter Grimm, D.O., John Sylvester, M.D., Robert Takamiya, M.D. and Kent Wallner, M.D. A stipend of \$1,300 will be awarded to residents at the conclusion of the fellowship. Fellowship recipients will be recognized in the ABS newsletter and at the 2010 annual ABS meeting in Atlanta, Georgia.

Residents of accredited domestic radiation oncology programs are eligible to apply. We ask that all applicants sign up for ABS membership (membership dues are waived for members-in-training).

Applications: Available online at the ABS website-- www.americanbrachytherapy.org

Deadline: December 7, 2009

We look forward to having you with us.

Best regards,

L. Christine Fang, MD
Program Coordinator

Kent Wallner, MD
Faculty Advisor
