Welcome! We’re back **LIVE AND IN PERSON** with our annual conference in one of America’s most favorite cities, Denver, CO, June 17-19, 2022! Industry Partners will get unprecedented value this year, with all the excitement and energy around a return to form.

This year, we’re launching a new, coordinated sponsorship platform with all-year-long sponsorship opportunities for Industry Partners, who want to rise above the clutter and connect strongly with thought leaders. Like everyone, we learned a lot during the difficult pandemic times, including about the importance and value of connecting people where they are, when they can, and in ways they like. Starting with 2022, we will be building a platform with an ever-increasing number of specific program opportunities – Industry Partners will be able to reach more people in a more consistent way. During this first year, we will make these opportunities available at reasonable rates and as part of higher-tier sponsorships.

In the calendar year 2023, we restructure our conference, programs, digital engagement, and pricing to reflect ABS’s value to both our membership and Industry Partners. We trust 2022 will bring high-value opportunities to our long-time Industry Partners and membership!

Since the American Brachytherapy Society is a non-profit organization, sponsorships are a critical part of both the conference and the continuity of the organization itself.

Conference sponsorships allow us to provide the conference at affordable rates and support the administrative costs associated with running the organization – like this website, for example.

Sponsorships also gain your organization great visibility!

Your support is very important and much appreciated!
